

The nomination committee's proposal for the Annual General Meeting 2014

The nomination committee proposes:

1. That the company shall have a nomination committee consisting of four members. The members of the nomination committee shall comprise one member appointed by each of the three shareholders controlling the greatest number of votes that wish to appoint such a member as well as the chairman of the Board (convenor of the first meeting). Provided a shareholder is not willing to appoint a member, the right to appoint the member shall belong to the next following shareholder with the greatest number of votes that does not have a right to appoint a member. The nomination committee's term of office is in effect until a new nomination committee is elected. The chairman of the nomination committee shall be the member who has been appointed by the shareholder controlling the greatest number of votes, unless the members decide differently.
2. That the nomination committee shall be formed based on the shareholding statistics from Euroclear Sweden AB (formerly VPC) as per the last business day in August 2013, and other shareholding information which is available to the company at that point in time. In the assessment of which shareholders constitute the three shareholders controlling the greatest number of votes, a group of shareholders shall be deemed to be one shareholder if they have been (i) grouped as owners in Euroclear Sweden AB's system or (ii) announced and notified the company that they have reached an agreement in writing implying that they will by way of coordinated exercise of voting rights, take a long-term and united position regarding the company's management. The names of the appointed members and the names of the shareholders they have been appointed by shall be announced as soon as they have been appointed, however at the latest six months after the Annual General Meeting.
3. That if, during the nomination committee's term of office, one or more shareholders who appointed a member(s) to the nomination committee no longer are among the three shareholders controlling the greatest number of votes, the members appointed by such shareholder(s) shall resign and be replaced by a new member/new members appointed by the shareholder(s) that at that time has/have resided among the three shareholder(s) controlling the greatest number of votes. Unless specific reasons are at hand, no changes shall occur in the nomination committee's composition if merely marginal changes in the number of votes have occurred, or if the changes have occurred later than three months prior to the Annual General Meeting of the shareholders. Shareholders that belong to the three shareholders controlling the greatest number of votes as a result of a more significant change in the number of votes, later than three months prior to the Annual General Meeting of the shareholders and has not yet been allowed to appoint a member, shall however have the right to appoint a representative to be attached to the nomination committee as adjunct member. Shareholders that have appointed a member to the nomination committee have the right to dismiss such member and appoint a new member of the nomination committee. Changes in the nomination committee's composition shall be made public as soon as such have occurred.
4. That the nomination committee shall draw up proposals, in the issues mentioned below, for presentation to and decision by the Annual General Meeting of the shareholders 2014:

- a) proposal of chairman of the Annual General Meeting of the shareholders,
